

The Waterworks Museum in Hereford will be re-opening its doors to visitors on Sunday 4th July 2021 after a period of sixteen months when it was closed due to the Coronavirus pandemic.

During this time, our volunteers have worked exceptionally hard to make the Museum safe for visitors and volunteers to return, work which has included a complete re-organisation of our visitor centre, the building of a new toilet block and the creation of a one-way route to tour the Museum to reduce areas of visitor bottleneck.

The Directors are grateful for the support of the Herefordshire suppliers who have been used in this project who have been so helpful at a time of high demand for their goods and services. These suppliers included (in no particular order):

- Underwood Steel
- Clive Watkins Fabricators
- Radbournes
- Classic Carpets (Border Counties)
- David Weaver Upholsterer
- Calendar Girl Printers
- Signs & Labels Hereford
- Hereford Windows and Conservatories
- Plus local branches of Travis Perkins, City Electrical Factors, and Crown Paints

Other key suppliers used included:

- GRP Safety (Cambridgeshire)
- GCS Cabins (Nottingham)
- Rentokil (Worcester)
- Arco UK (Coventry)
